Approval Seen For Ike's Plan

House Spokesmen Give Views; Dulles Testifies

WASHINGTON (P)—The chairman of the House Foreign Affairs Committee and a top Republican committee member both predicted today that the House group will speedily approve President Eisenhower's resolution on the Middle East.

Chairman Thomas S. Gordon (D-Ill.) and Rep. Vorys (R-Ohio) expressed that opinion as the committee called Secretary of State Dulles back for more questioning.

Extensive hearings still lay ahead in the Senate. Sen. Russell (D-Ga.) said that "I, for one, am not going to be stampeded into action on this."

Eisenhower's resolution, delivered to Congress Saturday on a top priority basis, would authorize dollar help to Middle East countries and use of U.S. armed forces in case of open Communist military attack.

DULLES reserved for today's closed session details on some of the military matters he touched on during daylong questioning today. He did tell the congressmen that:

1. There is no plan for stepping up American forces in the Middle East.

2. Despite manpower cuts in the U.S. armed forces, America's military "effectiveness" has increased and he is satisfied the United States has enough strength to commit itself against possible brush fire wars in addition to its other commitments. He said, for instance, that we have the power to protect Syria.

3. American military actions might not be confined to the country where the Reds attack, but could involve strikes in such other areas as the aggressor's staging areas and communications lines.

4. He does not envision an all-out attack on the Soviet Union, unless it is determined that a Communist invasion is really the beginning of World War III.

Generally, Dulles portrayed the Eisenhower resolution as a "declaration of peace" which would deter war by serving notice of U.S. willingness to fight a Red aggressor and by bolstering the military and economic strength of independent Middle Eastern countries.

By making a Middle East country more resistant to subversion, he added, the Eisenhower military economic plan would also counter any Red move to take over that country by other than open aggression.

Senate Republican Leader Knowland of California said after conferring with Eisenhower Monday that he believes Congress will pass the resolution, but "make some changes in it."

Prisoners Foil Cinci Jail Break

CINCINNATI (P)—Five prisoners Monday night completed the first step toward breaking out of the Hamilton County jail — grabbing the guard and his keys.

But they didn't get past the second step—releasing the rest of the prisoners. The other inmates swarmed out of their cells and overpowered the five in a hurry.

Driver's License Ruling Is Outlined

COLUMBUS (P)—An automobile driver is not violating Ohio law if he cannot produce his driver's license when a police officer demands to see it, Atty. Gen. C. William O'Neill says.

He said a driver has a "reasonable time" to produce his license. It is a misdemeanor, however, if the driver has his license on his person and refuses to display it, O'Neill said.

East German Reds Given New Authority By Russia

MOSCOW (P)—The Soviet Union has promised Communist East Germany more economic help and more control over Russian troops "temporarily" assigned to East German soil.

A communiqué signed Monday night at the Kremlin apparently did not go as far, however, as recent agreements on the Soviet forces stationed in Poland.

There was no suggestion, for example, that the East Berlin government would be given any say so on the number of Russian troops in East Germany and their movement about the country. This has been promised the Poles.

Instead the communiqué said an agreement on the Soviet forces in East Germany, to be concluded "shortly," would cover such matters as jurisdiction in "criminal cases and civil action, the use of housing and service premises occ-

cupied by Soviet military units, the use of lines and means of communication and means of transportation."

THERE ALSO was no time limit set for the Soviets' stay in East Germany, something the Poles have not been told either.

The East Berlin radio said Russia had pledged that its troops would not interfere in East Germany's internal affairs, but no such specific pledge was contained in the official text of the communiqué.

The Soviet Union said it would increase its exports of coke, oil, ferrous rolled metal, timber, some other raw materials and food. This would be in exchange for machinery, equipment and "other manufactured and household goods" from East Germany.

On international questions, the East German delegation joined the Soviet leaders in:

(1) Assailing the Eisenhower doctrine on the Middle East, (2) offering the Middle East countries "businesslike cooperation," (3) supporting Egypt's demand for "punishment of those guilty of aggression and violence and the legitimate claims by the Egyptian people for compensation," (4) approving the Soviet military action in Hungary, (5) and calling again for direct negotiations between West and East Germany on reunification.

J. Curtis Fletcher, CWA national director, today denied that the CWA had dropped its demand for the union shop.

"We had proposed to management to lay it aside temporarily," Fletcher said in a statement. "Our purpose in making that proposal was to learn whether this was the sole bar to settlement. We have not dropped our demand for a union shop."

Negotiations between the company and the CWA resume this afternoon. The union shop clause has been one of the major issues blocking settlement of the long and bitter strike which began on July 15 when a one-year union-compromise contract expired.

Under the union shop clause contained in the old contract, new workers must join the union within a specified time of employment.

The company has offered in place a maintenance of membership clause under which union membership is voluntary but must be kept once a worker joins.

Saudi Arabia King To Visit With Ike

WASHINGTON (P)—King Saud of Saudi Arabia will be a guest of President Eisenhower for several days beginning Jan. 30.

The White House said the purpose of King Saud's visit was for a discussion of Middle East matters "of mutual interest to the two nations."

The king, who succeeded to his throne in 1953, last visited this country in 1947 as crown prince.

Eisenhower will entertain at a stag dinner on the evening of Jan. 30 honoring the king.

Saud has been outspoken in his opposition to Israel, but has had less to say about communism.

Driver's License Ruling Is Outlined

He said a driver has a "reasonable time" to produce his license. It is a misdemeanor, however, if the driver has his license on his person and refuses to display it, O'Neill said.

One policeman gave it a title

Arabs Softening On Ike's Proposal

CAIRO (P)—Egypt and her three closest Arab allies today were reported working out a new common stand toward President Eisenhower's Middle East doctrine.

The first reaction in most Arab capitals to the President's plan was unfavorable. But after taking a second look, some Arab voices spoke out in favor of some aspects of the doctrine.

The Cairo newspaper Al Ahram said Egypt, Syria, Saudi Arabia and Jordan have begun "important consultations" regarding the new United States policy. These four nations' armies are allied in a series of defense pacts under an Egyptian commander.

Meanwhile, in Washington, Secretary of State Dulles is going to great lengths (perhaps too great to suit the British and French) to win Arab support of the plan.

Acceptance is virtually a foregone conclusion among other elements of the area — Israel, Turkey, Pakistan, for example.

Knowland announced the decision was announced at the White House by Senate GOP Leader Knowland of California. It underscored what administration leaders previously had said are dim prospects for any major tax reduction this year.

Meanwhile, in Washington, Secretary of State Dulles is going to great lengths (perhaps too great to suit the British and French) to win Arab support of the plan.

Acceptance is virtually a foregone conclusion among other elements of the area — Israel, Turkey, Pakistan, for example.

But Arab rumbles of suspicion and distrust are being nurtured by Soviet propaganda claims that Eisenhower's economic-military formula for halting communism in the Middle East is really old-fashioned Western colonialism.

It is to combat this propaganda that Eisenhower is sending former Rep. James P. Richards, the South Carolina Democrat who used to head the Foreign Affairs Committee, to the area. Richards was sworn in Monday as a sort of ambassador for education and acceptance of the plan.

The Arab view apparently was on Dulles' mind when he told the House committee repeatedly Monday that the British and French "invasion of Egypt" last October was an "error".

But he declined to eliminate himself as a possible contender for the Republican nomination for the California governorship in 1958. And neither would he close the door against another bid for the presidential nomination.

Significantly, Knowland said he has "no plans" to relinquish his position as Republican leader during the two years remaining in his term. That job keeps him prominently in the public eye.

"I can assure you of one thing," Dulles told the committee, "there is no intention on the part of the United States to finance the Aswan Dam."

Politicians probed behind the scenes he gave and many of them thought they came up with a carefully drawn plan for Knowland to seek the California governorship as a stepping stone for a renewed bid for the presidency.

Significantly, Knowland said he has "no plans" to relinquish his position as Republican leader during the two years remaining in his term. That job keeps him prominently in the public eye.

Politicians probed behind the scenes he gave and many of them thought they came up with a carefully drawn plan for Knowland to seek the California governorship as a stepping stone for a renewed bid for the presidency.

TO GET THE GOP nomination, Knowland would have to convince Republican Gov. Goodwin J. Knight that his best chance for political advancement lay in seeking to fill the Senate seat Knowland is vacating.

Some Knowland associates in Washington said they believed the senator had decided that if he wants to be President he will have to break the three-way knot that now exists over potential control of the hefty California delegation to the Republican convention four years from now.

As senator, he would have to deal with Knight or Nixon with the prospect that the delegation would be split two, or possibly three, ways. But as governor he would have disposed of Knight and probably could wrest the state's delegation away from Nixon, leaving the latter without a "home base."

He discovered a milk truck had skidded on new fallen snow and struck his parked car.

Inside the car were notes from two other drivers, apologizing for having rammed his vehicle during the night.

Knowland said other measures undoubtedly will be offered.

3 Vehicles Smack Into Same Auto

JERSEY CITY, N. J. (P)—The third crash outside his home Monday. It was destroyed but,幸運的是，firemen could have saved it had it not been delayed in turning on the alarm. He said he and a neighbor tried for 15 minutes before persons on his party line would yield the phone.

A new Ohio law provides that no person shall refuse to relinquish a party line in the event another on the line requests its use in an emergency endangering human life or property.

Borders estimated the property loss at \$13,000. No one was injured.

Another item of the priority list is civil rights legislation, and Knowland reiterated that Eisenhower intends to press for congressional action on the administration program submitted to Congress at the last session.

The House approved the program last year, but it was stymied in the Senate under the threat of a filibuster by Southern Democrats.

One effort to revise Senate rules to make it easier to cut off a filibuster already has failed in the Senate this year.

Another item of the priority list is legislation for the assistance of corn producers.

Knowland said other measures undoubtedly will be offered.

THE PRESIDENT BELIEVES THIS IS A FIELD WHICH DOES NEED CLOSE ATTENTION BY BOTH THE STATE AND LOCAL GOVERNMENTS AND THE FEDERAL GOVERNMENT," KNOWLAND SAID.

ANOTHER ITEM OF THE PRIORITY LIST IS CIVIL RIGHTS LEGISLATION, AND KNOWLAND REITERATED THAT EISENHOWER INTENDS TO PRESS FOR CONGRESSIONAL ACTION ON THE ADMINISTRATION PROGRAM SUBMITTED TO CONGRESS AT THE LAST SESSION.

THE HOUSE APPROVED THE PROGRAM LAST YEAR, BUT IT WAS STYMIED IN THE SENATE UNDER THE THREAT OF A FILIBUSTER BY SOUTHERN DEMOCRATS.

ONE EFFORT TO REVISE SENATE RULES TO MAKE IT EASIER TO CUT OFF A FILIBUSTER ALREADY HAS FAILED IN THE SENATE THIS YEAR.

ANOTHER ITEM OF THE PRIORITY LIST IS LEGISLATION FOR THE ASSISTANCE OF CORN PRODUCERS.

KNOWLAND SAID OTHER MEASURES UNDOUBTEDLY WILL BE OFFERED.

GOP To Ask Continuance Of Excise, Business Taxes

Arabs Softening On Ike's Proposal

CAIRO (P)—Egypt and her three closest Arab allies today were reported working out a new common stand toward President Eisenhower's Middle East doctrine.

The first reaction in most Arab capitals to the President's plan was unfavorable. But after taking a second look, some Arab voices spoke out in favor of some aspects of the doctrine.

The Cairo newspaper Al Ahram said Egypt, Syria, Saudi Arabia and Jordan have begun "important consultations" regarding the new United States policy. These four nations' armies are allied in a series of defense pacts under an Egyptian commander.

Favorable comments on the Eisenhower plan were voiced by Arabs ranging from pro-Western Lebanese Foreign Minister Char-

les Malik to some normally anti-Western Syrian politicians. King Hussein of Jordan told the U.S. ambassador in his capital the Arabs welcome the recent American attitude on Middle East questions but have some reservations on the Eisenhower doctrine.

The decision was announced at the White House by Senate GOP Leader Knowland of California. It underscored what administration leaders previously had said are dim prospects for any major tax reduction this year.

Knowland announced the decision after he and other GOP congressional leaders had conferred with the President for about 90 minutes.

Knowland and House Republican Leader Martin of Massachusetts reported that Eisenhower and the leaders drew up a proposed priority list of legislation.

Acceptance is virtually a foregone conclusion among other elements of the area — Israel, Turkey, Pakistan, for example.

But Arab rumblings of suspicion and distrust are being nurtured by Soviet propaganda claims that Eisenhower's economic-military formula for halting communism in the Middle East is really old-fashioned Western colonialism.

It is to combat this propaganda that Eisenhower is sending former Rep. James P. Richards, the South Carolina Democrat who used to head the Foreign Affairs Committee, to the area.

Richards was sworn in Monday as a sort of ambassador for education and acceptance of the plan.

The Arab view apparently was

known, 48, the Senate's Republican leader, announced Monday a carefully considered decision not to seek re-election to the Senate next year. His term expires in January 1959.

But while all this might have

made to Arabs feel more kindly toward the Eisenhower plan, Dulles offered them no hope of any new offer U.S. aid to help realize the Egyptian dream on the Nile.

"I can assure you of one thing," Dulles told the committee, "there is no intention on the part of the United States to finance the Aswan Dam."

The President believes this is a field which does need close attention by both the state and local governments and the federal government," Knowland said.

Another item of the priority list

is civil rights legislation, and

Knowland reiterated that Eisenhower intends to press for congressional action on the administration program submitted to Congress at the last session.

The House approved the program last year, but it was stymied in the Senate under the threat of a filibuster by Southern Democrats.

One effort to revise Senate rules to make it easier to cut off a filibuster already has failed in the Senate this year.

OTHER MEASURES on the

GOP priority list are:

1. Re-enactment of the refugee relief law which expired Dec. 31, with some new provisions to provide permanent residence status for more than 15,000 Hungarian refugees being admitted to the United States on a parole or temporary basis.

2. A four-year school construction program.

3. Legislation for the assistance of corn producers.

Knowland said other measures undoubtedly will be offered.

CWA Denies Dropping Union Shop Demand

PORSCHE (P)—The Communications Workers of America Union said today it did not intend to give up retention of a union shop but had proposed to the Ohio Consolidated Telephone Co. that the issue be laid aside temporarily.

J. Curtis Fletcher, CWA national director, today denied that the CWA had dropped its demand for a union shop.

We had proposed to management to lay it aside temporarily," Fletcher said in a statement. "Our purpose in making that proposal was to learn whether this was the sole bar to settlement, some raw materials and food. This would be in exchange for machinery, equipment and other manufactured and household goods" from East Germany.

On international questions, the East German delegation joined the Soviet leaders in:

(1) Assailing the Eisenhower doctrine on the Middle East, (2) offering the Middle East countries "businesslike cooperation," (3) supporting Egypt's demand for "punishment of those guilty of aggression and violence and the legitimate claims by the Egyptian people for compensation," (4) approving the Soviet military action in Hungary, (5) and calling again for direct negotiations between West and East Germany on reunification.

Mental Illness Fund Being Urged

LOS ANGELES (P)—Dr. William C. Menninger says it is imperative that public funds be provided for mental illness research because private support has largely been given to other illnesses.

The Topeka, Kan., psychiatrist declared here that there is "15 times as much money available for cancer research" as for mental illness. He said of the care given the nation's 750,000 inmates of mental institutions:

"It isn't treatment. It's custody."

Duds Prevent 19-Gun Salute

SALT LAKE CITY (P)—The script called for a 19-gun salute as George D. Clyde took the office of Utah's 10th governor.

Negotiations between the company and the CWA resume this afternoon. The union shop clause has been one of the major issues blocking settlement of the long and bitter strike which began on July 15 when a one-year union-company contract expired.

Under the union shop clause in the old contract, new workers must join the union within a specified time of employment.

The company has offered in its place a maintenance of membership clause under which union membership is voluntary but must be kept once a worker joins.

Saudi Arabia King To Visit With Ike

WASHINGTON (P)—King Saud of Saudi Arabia will be a guest of President Eisenhower for several days beginning Jan. 30.

COLUMBUS (P)—An automobile driver is not violating Ohio law if he cannot produce his driver's license when a police officer demands to see it, Atty. Gen. C. William O'Neill said.

He said a driver has a "reasonable time" to produce his license. It is a misdemeanor, however, if the driver has his license on his person and refuses to display it, O'Neill said.

Keeping Score On The Rainfall

ENCINO, Calif. (P)—Marie (The Body) McDonald, whose curves are far more dramatic than her histrionics, could claim some kind of award today for her performance in a police movie.

In an all-talkie, color film with police cameramen, the shapely actress Monday re-enacted what she says was a terrifying midnight kidnapping from her palatial San Fernando Valley home.

The movie had everything any Cecil B. DeMille epic ever had except camels. There were four scenes requiring six takes; a bedroom shot and an outdoor location; a producer and director (both policemen), and, of course, set coverage by a small army of Hollywood press.

One policeman gave it a title

(already used by Hollywood): "The Body Snatchers."

An elaborate walkie-talkie system, manned by two police captains, gave the waiting reporters a blow-by-blow account of what took place inside. The officers, playing it heavily tongue-in-cheek, were openly ironic in their descriptions of Miss McDonald's allegations of terror.

Homicide Chief Robert Lohrman, whose voice will never give Ronald Coleman any competition, announced at the outset:

"We now have Miss McDonald's permission to start the first scene." The scene was in the bedroom with the star in bed, wearing green pajamas.

It had to be shot over. A clumsy

policeman stumbled over the wires, knocking out the sound. At

the conclusion, Lohrman said: "That's the end of Scene 1." A professional movie man would have yelled "cut" but the idea got across anyhow.

All this re-enactment was to illustrate Miss McDonald's account of her ordeal. She had told authorities that two swarthy men abducted her from her house shortly before midnight Thursday and drove her to a hideout. There she managed, during Friday, to telephone three friends and report that she had been kidnapped. She didn't call police.

Late Friday night she was found wandering dazedly on the

desert near Indio. A truck driver picked her up. Hospital attendants said she had a bruised face and two broken caps on her teeth. She was sent home in an ambulance to recover—and to re-enact the occurrence.

Later, she invited all the photographers into her living room and even posed for the newsreels. She repeated details of her ordeal, sobbed a little and then finished the interview in true actress fashion:

"I want to thank all of my friends and the many others who have been so kind as to write letters to me since this all happened. I want to say this is definitely not a hoax. And least of all, it's no publicity stunt."

New Officers Installed At Philos Lodge

Officers for 1957 were installed during ceremonies held Monday evening at Philos Lodge No. 64, Knights of Pythias.

Harry A. Styers Jr., lodge deputy, presided.

Newly elected officers are as follows:

Clarence Radcliffe, chancellor commander; Paul Turner, vice chancellor; Guy R. Lane, prelate; Lloyd Fisher, master-of-arms; Marvin Cook, master-of-work.

All officers will serve a one year term. Styers was elected trustee for a three year period.

Lunch was served following the meeting. The committee was as follows:

David Winks, chairman, Fred Howell, Irvin Reid, Cecil Andrews and Marvin Cook.

Italy Sets Pace

NEW YORK — With the match nearly one-third completed, Italy's contract bridge team today led the United States by 990 points in the scheduled 224 board competition for the world championship.

MARKETS

CIRCLEVILLE HOG MARKETS

Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

190-220 lbs., \$17.50; 220-240 lbs., \$17.10; 240-260 lbs., \$16.85; 260-280 lbs., \$16.35; 280-300 lbs., \$15.85; 300-350 lbs., \$15.35; 350-400 lbs., \$14.50; 180-190 lbs., \$17.10; 160-180 lbs., \$16.00. Sows, \$15.75 down; stags and boars, \$11.00 down.

OHIO CASH GRAIN

COLUMBUS, OHIO — Ohio Bureau of Markets cash grain prices: No 2 wheat, mostly unchanged, 2.27-2.30; No 2 ear corn, mostly unchanged to 2 cents higher, 1.78-1.81 per 100 lbs or 1.23-1.27 per bu; No 2 oats, mostly unchanged to 2 cents higher, .74-.77; No 1 soybeans, firm to 1 cent higher, 2.28-2.30.

Mainly About People

ONE MINUTE PULPIT

Sing unto the Lord a new song, for He hath done marvelous things.—Psalm 98:1. He did not stop with the days of the Psalmist. He has kept right on. He is doing things now that we do not understand.

Sam Scott of Ashville Route 2 was admitted Monday to Berger Hospital as a medical patient.

When shopping downtown bring your dry cleaning and tailoring needs to DeLong's Dry Cleaning and Tailoring Shop, 118 W. Main Street.

Charles Ludwick of Lowery Lane was admitted Monday to Berger Hospital as a medical patient.

Mrs. Sampson Walker of Ashville Route 1 was admitted Monday to Berger Hospital as a medical patient.

There will be a Legion meeting Wednesday, Jan. 9. All members interested in becoming members of the Highway Patrol should attend this meeting, as classes will be organized.

Mike and Steve Rittinger, sons of Mr. and Mrs. Wheeler Rittinger of Circleville Route 2, were admitted Tuesday to Berger Hospital as tonsillectomy patients.

John L. Inalls of Laurelvile was released Monday from Berger Hospital, where he was a surgical patient.

Mr. and Mrs. Gerald Crites new phone number is 1004. Pickaway Country Club.

Clarence Bowers of Circleville Route 4 was released Tuesday from Berger Hospital, where he was a medical patient.

There will be a card party at K of P Hall, Tuesday, Jan. 8th starting at 8 o'clock.

Joseph Winfough of 129 W. Ohio St. was released Tuesday from Berger Hospital, where he was a surgical patient.

January Sale! Let me tell you they are having one out at Ford. Pickaway Motors is out to set a new record with the fabulous new 57 Ford. They must be first in the county so they are absolutely out-trading them all. If you are thinking of a new car anytime this year, it will pay to check now at Pickaway Motors, 596 N. Court St.

Mr. and Mrs. Herbert Tatman of Ray Ave. and Mr. and Mrs. Edgar Turvey of Tarlton have just returned from a 3200 mile trip through Florida. They visited many interesting places and friends and relatives in Fort Meyers, Punta Gorda and Clearwater, Fla.

Mr. and Mrs. R. E. VanCamp of Lebanon were house guests of Mr. and Mrs. George W. VanCamp of Oakwood Pl.

Tallahassee Bus Seating Plan Ordered

TALLAHASSEE, Fla. — A unique seating plan was ordered by the City Commission today in an effort to preserve traditional segregation on city buses.

The plan allows drivers to assign riders to specific seats for which they are handed tickets.

Passengers will be required to occupy the assigned seats under penalty of a possible \$500 fine or a 60-day jail sentence unless they elect to have their fares refunded.

Deputy Sheriff Bob Hoover investigated.

Dountz To Head Hereford Group

TALLAHASSEE, Fla. — A regular meeting of the Pickaway County auditor's office, approximately comment on the action until the plan can be studied.

The new system can't be inaugurated for a few days at least, however, since city buses are still suspended under a New Year's Day order of Gov. Leroy Collins. No date has been set for buses to resume.

Kermit Dountz of Ashville, president; Joe Peters of Ashville, vice president; and Donald Maxson of Kingston, secretary-treasurer.

An attorney for Cities Transit, Inc., which operates the bus system, told the commission the firm would accept the new plan for seatings arrangements.

Teachers To Hear Retirement Official

L. D. Shuter, secretary of the state teachers retirement system, will address county school heads Thursday at 3 p. m. in the office of George D. McDowell, Pickaway County school superintendent.

Following the meeting at McDowell's office, Shuter will proceed to Circleville High School where he will talk with city teachers. Attendance at the local high school meeting is voluntary.

This figure does not include tags that have been sold at other business firms throughout the county.

Deadline for buying 1957 tags is January 20.

Deadline Jan. 20 On Dog Licenses

According to the Pickaway County auditor's office, approximately 616 dog licenses have been sold to date. But the deadline is getting closer.

This figure does not include tags that have been sold at other business firms throughout the county.

Shuter will discuss important points concerning Ohio's retirement plan for teachers. A question and answer period will also be conducted during the meetings.

Cattle—From Columbus Live Stock Producers Co-operative Assn. Light steers, steers, heifers and cows steady. 50 cents lower than Monday; bulls higher; choice 21.50-23.50; good 18.50-20.50; commercial 16.50-18.50; utility 16.00-18.00; cutter 13.00 down; cow 16.00-18.00; 15.00-17.00; 12.50-13.00; cows commercial 11.50-13.00; utility 8.00-11.50; canners and cutters 6.00-9.00; bulls commercial 16.00-17.00; utility 16.00-17.00; 14.00 down; stockers and feeders good and choice 16.00-18.00.

Roundtown Retrospect

By Mac Noggle

In these times, when the papers are full of year-end clearance sales, you sometimes wonder if, in Circleville's early days, our merchants ever attempted to move merchandise in this manner.

We've never seen any spreads of this kind in the first papers, but we do find offers which, to us today, look like big bargains. We are greatly indebted to Amy Nickerson for letting us use some of her findings in the first newspaper published in Pickaway County — "The Olive Branch", the grand daddy of today's "Circleville Herald."

July 14 1821

FARMERS TAKE NOTICE

"James Moore and John Davenport will trade merchandise for wheat and whiskey. 25c per bushel for wheat; 25c per gallon for whiskey (it must be good whiskey and in good barrels, and barrels must be gratis.) Wheat to be delivered to the William Foresman Mill."

July 4 1823

"James B. Covington in business on Walnut Plains, near William Renick's, will weave double coverlets, \$5 per pair, any pattern. Single coverlets, \$3 per pair; carpets and cloths, 12½¢ per yard; table linens, 16½ to 37½¢ per yard."

August 9 1822

"John Ossenbaugh quotes tailoring prices — Fashionable oats 4 dollars; Plain Coats 3 dollars; Great Coats 4 dollars; Pantaloons 1¼ dollars; Vests 1 dollar."

Then, too, there were bargains in providing personal services to the community, like:

April 8 1822

"Miss Howe has opened her school in Circleville, in same room in which she taught last season. She will teach Reading, Writing, English, Grammar and Arithmetic. Terms — \$1 dollar, fifty cents per Quarter."

June 30 1823

"O. Jerome respectfully informs the Ladies and Gentlemen that he has stopped at Mr. Hedges for the purpose of painting miniatures, drawing profiles and painting signs."

June 20 1823

"BLOOMFIELD SEMINARY — D. C. Converse opened his school — different branches of English Education will be taught as usual. Likewise a separate school will be opened for the instruction of young Ladies, in Reading, Writing, Grammar, Geography, Needlework etc. Boarding from 50¢ to 1 dollar a week."

Instead of the easy credit terms you run across today, you are more likely to find something like this in those days.

"Olive Branch—February 27 1821

"Moore and Davenport have received a fresh supply of goods, which they sell for a moderate profit and receive good money in payment.

"We are almost ashamed to say that after advertising 'We would not trust', persons continue to ask for credit. Being new beginners and hating to refuse, we gave credit and now ask those persons who have their names on our books to call immediately and pay us off. 'And we request them and all others no more to ask the question —'Will you charge it?', for we shall positively refuse."

Can't you imagine how those

Ottawa Countian Dies At Age 107

PORCLINTON (P) — Michael Klatick died at his home near here Monday at the age of 107.

A native of Austria, Klatick came here at the age of 25 and was employed in quarry work in this area until his retirement about 40 years ago.

Although practically blind for the last four years, he had been able to get around by himself until the last three months.

Klatick was the oldest man in the history of Ottawa County. The date of his birth—Sept. 17, 1849—was verified several years ago through records in Austria.

Polio Foundation Eyes Its Future

NEW YORK (P) — Now that polio is largely licked, the head of the National Foundation for Infantile Paralysis says the organization is faced with a big problem—what to do with itself.

Basil O'Connor, foundation president, said that the foundation hopes to come up with a solution by spring.

Whatever is done, he said, the foundation has an obligation to the "80,000 old cases" and the continuation of support to research projects, like for instance:

"Olive Branch, April 21 1822.

"We wonder what our British relatives will say of us, when they see the Congressional proceedings of the present session — Captain Symmes has seriously requested aid to enter into the hollow of the earth by the hole at the North — and James Bennett of Philadelphia has asked for a patent to secure him the benefits of his invention to fly over it. Surely they will be quite astonished."

"Most of the early papers were full of all sorts of legal notices, warnings, rewards and tales of woe like these:

"June 30 1823.

"Let us be neighborly. If the person who some months since, borrowed from me an Octavo Edition of Johnson's Dictionary, will have the goodness to loan the same to me for a few days, the favor will be duly appreciated.

Signed — E. Webb
\$100 REWARD
"Stop the villain! On the second day of August, 1827, a young man

calling himself Rufus W. Seabrook, borrowed a horse to ride a few miles and has not since been heard from.

"THE HORSE WAS 3 years old, sorrel gelding about 16 hands high, switch tail, 3 white feet, a wane under his left ear, trots fast and very wide behind; old saddle and new bridle and martingale.

"Seabrook is about 21 years of age, dark eyes and hair—by occupation, a tailor.

Otis Ballard — Tarlton, Ohio.

Yes, you can find many sorts of legal notices—each having a story of its own. However—we've yet to find anything like this, which you see so frequently in today's papers

"On and after this date, I will not be responsible for debts contracted by anyone other than myself.

Looks like people, in those days, assumed their responsibilities and got along together.

The Emperor Charlemagne of the Franks was crowned on the site of what is now the church of St. Peter in Rome, on Christmas day, 800.

Mr. and Mrs. S. J. Bowers, Mary Jo and Judith, entertained with a family dinner honoring the birthday anniversaries of Mr. Bowers and Mrs. Ethel Fridley. Guests included Mr. and Mrs. H. J. Bowers and Marilyn, Mr. and Mrs. Delia Dore' and Marty and Billy and Mrs. Ethel Fridley.

Ottawa Countian Dies At Age 107

PORT CLINTON (P) — Michael Klatek died at his home near here Monday at the age of 107.

A native of Austria, Klatek came here at the age of 25 and was employed in quarry work in this area until his retirement about 40 years ago.

Although practically blind for the last four years, he had been able to get around by himself until the last three months.

Klatek was the oldest man in the history of Ottawa County. The date of his birth—Sept. 17, 1849—was verified several years ago through records in Austria.

Polio Foundation Eyes Its Future

NEW YORK (P) — Now that polio is largely licked, the head of the National Foundation for Infantile Paralysis says the organization is faced with a big problem—what to do with itself.

Basil O'Connor, foundation president, said that the foundation hopes to come up with a solution by spring.

What is done, he said, the foundation has an obligation to the "80,000 old cases" and the continuation of support to research probably has invested \$25 million.

"We wonder what our British relatives will say of us, when they see the Congressional proceedings of the present session — Captain Symmes has seriously requested aid to enter into the hollow of the earth by the hole at the North — and James Bennett of Philadelphia has asked for a patent to secure him the benefits of his invention to fly over it. Surely they will be quite astonished." Most of the early papers were full of all sorts of legal notices, warnings, rewards and tales of woe like these:

"June 30 1823.
"Let us be neighborly. If the person who some months since, borrowed from me an Octavo Edition of Johnson's Dictionary, will have the goodness to loan the same to me for a few days, the favor will be duly appreciated.

Signed — E. Webb"

\$100 REWARD

"Stop the villain! On the second day of August, 1827, a young man

calling himself Rufus W. Seabrook, borrowed a horse to ride a few miles and has not since been heard from. * * *

"THE HORSE WAS 3 years old, sorrel gelding about 16 hands high, switch tail, 3 white feet, a wart under his left ear, trots fast and very wide behind; old saddle and new bridle and martingale. Seabrook is about 21 years of age, dark eyes and hair—by occupation, a tailor.

Otis Ballard — Tarlton, Ohio." Yes, you can find many sorts of legal notices—each having a story of its own. However—we've yet to find anything like this, which you see so frequently in today's papers

"On and after this date, I will

IRISH TEMPER

BORDER TROUBLE has flared again on the Emerald Isle as unauthorized groups of Free State Irish have taken up arms against the British-aligned northeastern part of the island.

The government of the Irish Free State has disavowed any connection with the insurgents. But the British government has become alarmed enough to pledge aid to Northern Ireland in defending itself.

The trouble is that the Free State Irish, who fought for centuries for the right of self-determination, seem unwilling to allow the same right to the Northern Irish.

The Protestants of the six counties of Northern Ireland do not want to be a part of Catholic Ireland, and that is the reason the island has been partitioned. Both sides live with memories stretching back into history in antagonisms that astonish visitors from the New World.

Catholic Irish remember the brutalities of the Englishman, Oliver Cromwell, in the 1650s, as well as English injustices in the years since. But the "Orangemen" of Northern Ireland celebrate the defense of Londonderry against the Catholics in 1689, have in their homes pictures of Protestant King William III of Holland and England who raised that siege, and as ardently admire the British royal family as the English do themselves.

So the southern Irish want all vestiges of the English removed from their island. The northern Irish are just as determined these shall remain in their corner of the island. The situation has been aggravated by migration of the southern Irish into the growing industrial complex of Belfast and other Northern Ireland cities.

With both religious fervor and Irish temper present on both sides, the situation is likely to remain unsolved.

CROCODILE TEARS

MORE CROCODILE tears are shed over the highway accident rate than any other facet of the American scene. Everyone shakes his head at the ghastly record of highway deaths and mutilations. All insist that "something must be done about it."

But when a positive suggestion is made, there are always innumerable reasons why no action is taken.

Highway officials frequently come up with lists of suggestions designed to cope with the disgraceful accident rate. These usually are given generous editorial support. But most individuals, perusing the list, immediately have reservations about this or that proposal.

By the time all the objections have been heard, the list has been converted into mincemeat.

It's unrealistic to expect officials and legislators to pass laws and make rules that might create a storm of protest from the public.

Until the public decides it means business about highway safety, the nation might as well reconcile itself to nothing more than crocodile tears about this shocking aspect of the American way of life.

HAD A POLIO SHOT?

REPORTS THAT 20 million doses of Salk polio vaccine are going to waste in storage should remind the public that now is the best time to get anti-polio shots.

Manufacturers of the vaccine have had

George E. Sokolsky's

These Days

Perhaps one of the major difficulties among nations today is that there are so many personalities who are regarded as superior beings. Therefore in many countries the idea of a government of law not of men, of orderly and continuing procedures without regard to the men involved is hardly understandable.

For instance, in Egypt Nasser who organized a colonel's revolution and in due course placed himself at the head of the government is regarded as a superior man. President Eisenhower is in many countries also regarded as a superior man although he did not place himself at the head of government but was elected to office by a popular vote and might well have been defeated in a different kind of election.

To Egyptians, Eden is a personality because he heads a government, only personalities being permitted to head governments. Apparently what these worshippers of personalities would like would be for these god-like creatures to fight each other as the gods quarreled on Olympus.

For instance, "Al-Sadat," an Egyptian newspaper, said:

"We can understand if America helps the British people, but we cannot understand at all America's helping Eden who has committed offenses against the British people, the United States, Europe, and the whole world. We remember well the offense he committed against the United States when he stood up to challenge President Eisenhower from the platform of the House of Commons, knowing full well that Eisenhower was tied down by the election campaign and therefore could not answer him or bring him to account."

What the writer of those lines does not seem to grasp is that Prime Ministers and Presidents come and go but that history is continuous. Did he really expect Eisenhower to fight Eden 10 rounds to determine who brought whom to account?

This same article says that Sir Anthony Eden spent tremendous sums to defeat President Eisenhower for a second term, which, I am sure, will be news to Stevenson as well as to Eisenhower and Eden. As I recall it, the Democrats hardly had enough money to see them through the campaign.

Also the British attack on Egypt not only did not interfere with President Eisenhower's re-election but guaranteed it because in the face of immediate military danger, many Americans voted for President Eisenhower who had no intention of doing so.

Attention is called to the curious psychology which places personality above all else as though men were gods and nations were the playthings of minor deities. Neither the United States nor Great Britain would be very different from what they are if either Eisenhower or Eden or both of them disappeared from the political scene.

An orderly governmental process is not dependent upon personalities. In Soviet Russia, Khrushchev who led a revolt against the cult of personality now finds himself forced to bow his head to the man-god image of Stalin by the pressure of public opinion which having been accustomed to fear and worship Stalin, first rejected Khrushchev's rationalization of Stalin's role in history and now rejects Khrushchev.

(Continued on Page Seven)

to cut back production because adults are failing to get the shots. Perhaps so much emphasis was placed on getting children vaccinated that grownups didn't realize the vaccine is now available to them.

Winter is the best time to get the injections, before the polio season of the summer months begins. It makes sense to take out this form of "insurance" against the crippling disease, no matter what one's age.

Carl Leist, local attorney, was elected president of the Circleville Board of Education.

Henry Reid was elected secretary of the Pickaway County Agricultural Society.

Glen Payne and Leon Sims attended the Ohio State-Indiana baseball game in Columbus.

Approximately 250 members and guests attended the local Elks club's first annual Fathers and Sons Banquet.

Oddly enough, the peak season for ghosts is supposed to be these 12 days after Christmas and not, as you may have supposed, Haloween.

The man at the next desk reports that he's being plenty haunted by square, white ghosts of Christmas (just) Past—in the form of bills for Yule gifts he purchased.

Russia will never have a ghost shortage as long as the spectre of old Joe Stalin haunts the Kremlin.

Speaking of Stalin, wonder how he's getting along with all those ghosts he manufactured when he was alive and kicking—his old pals into eternity?

Mike Connolly reports that a little synagogue raised a big bundle with its local production of "Katz

shortage of sheets that's keeping them under cover.

"How had J. Edgar Hoover

managed to survive for 30 years as director of the FBI in a city as full of political intrigue as the nation's capital?

"Was there any truth to insinuations that the FBI represented a shadowy menace to civil rights?"

Like the trained reporter he is, Whitehead went to the fountain-head source, and asked and received permission to inspect FBI files, except those dealing with national security.

The result is his book which strips away some of the mystery and perhaps a bit of the glamor that has surrounded the FBI, but at the same time documents fully its magnificent record.

That FBI men even before World War II trained U. S. Marines in hand-to-hand fighting.

That only one FBI agent (and that was back in the lush days of prohibition) ever had to be fired for taking a bribe.

"Hoover is the FBI," says Whitehead. He makes it clear

CHAPTER 34
CASSEON took a taxi to Mrs. Gunn's. He sat by the window in his bedroom, chain smoking. His mind moved in hot, narrow orbits of impatience. In a spasm of lucidity he recognized that the chase exacted its price from the hunters as well as from the hunted.

The two plain-clothes policemen were at their stations in the street. Then Perry came out. The policeman in Perry's rear made a signal with his hand. Casson leaned forward.

A black Wolseley car began to crawl down the street. As it approached Perry, it jerked to an abrupt stop by the curb and two plain-clothes men got out of the back.

They spoke to Perry. One of the officers nodded his head toward the car. Perry looked at the car, then back down the street. He stumbled into the car.

The doors slammed and it skidded away from the curb, accelerating rapidly down the street. The pick-up had been swift, discreet, and irresistibly efficient. Its psychological effect on the victim should have been considerable.

Casson walked leisurely through the hot dusk to the Chiswick police station. He was no longer impatient.

In the station hall he met Bentley. The young constable was wearing a tweed coat and grey flannel trousers.

"By the way," said Casson, "what are you doing here in mufti? Have they put you into the C.I.D.?"

Bentley laughed a happy, healthy laugh.

"No, sir. I came in to see the fun."

Superintendent Weldon nodded to Casson.

"Strutt's with Perry."

Casson smoked half a cigarette before Strutt entered. He and Casson looked at each other in silence, each knowing what lay in the balance.

"Your turn," said Strutt.

"How is he?"

"Scared stiff. But sullen. Moaning for a lawyer," Strutt leered.

"How long have we got him?"

"Till tomorrow."

"How did you pick him up? Not on a warrant for murder?"

No. Loitering with intent, Be-ing a suspicious person."

"And he goes tomorrow?"

"See here, Cass. If we don't get a confession by tomorrow morning we never will. By then he'll know the strength of our hand. He'll know we're bluffing. He'll know we can never pin it on him. He'll leave here a free and happy man, the little swine."

"Lord, no," Casson replied.

"But you are a journalist? Like you told me?"

"To some extent. Yes."

"Then you came here for a story?"

"Understanding dawns," Casson said. "I did come here for a story. I came for your story, John Perry."

"My—my story? I haven't got one."

"Shall we say, then, that I came for the story of Mr. Bagot?"

Perry rose to his feet and began walking up and down the cell. Casson let him walk for nearly a minute. Then he yawned and said:

"Do stop it, my dear Chap-

per. You sound like a prisoner in the condemned cell!" Perry stopped abruptly, facing the door. Then he swung round, his undistinguished face suddenly made individual by a look of ferocity.

"Get out of here," he muttered.

"I don't understand a word you're saying. You're mad. Go away."

Casson gazed at him.

"Do sit down," he said. "You'll find it more restful. I'll tell you a tale."

"Go away," Perry repeated. "Go away."

"It's about you," said Casson.

"Do you realize why you are here?"

"Of course I do. Of course I do. Those stupid men arrested me on suspicion of being a burglar. But they can't keep me here. They can't. They'll have to let me out in an hour and I'll see them. It's wrong to arrest."

"You'll be here longer than an hour."

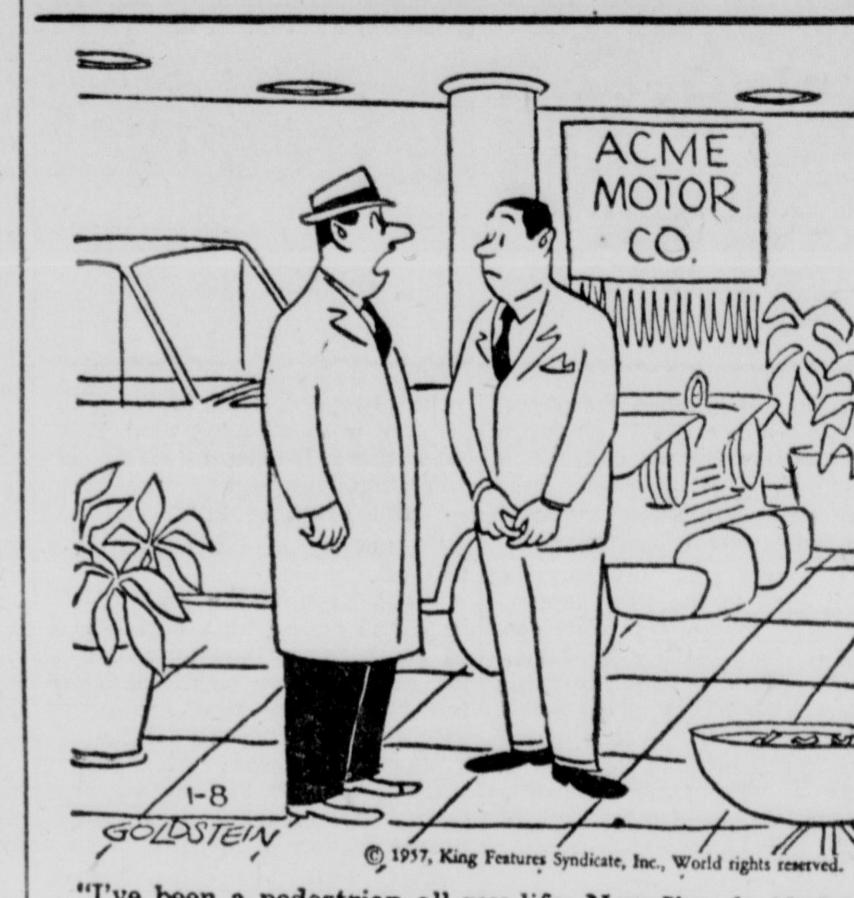

"I won't. They can't do it."

"Perhaps I had better explain," said Casson patiently. "You are not here by mistake. You are here because you have committed a murder."

Casson applies the final pressure in tomorrow's chapter of Small Venom.

Emotion May Produce Spots Before The Eyes

By HERMAN M. BUNDESEN, M.D.

You may not actually "see red" when you are angry, but you may see spots.

Those floating specks or little hair-like curlicles which most of us see before our eyes at some time or other may be temporary minute chemical precipitations caused by some violent emotion.

Other Causes

If you are nearsighted, or have astigmatism, you are much more likely to see these specks, and they are more likely to remain in your field of vision.

These spots—so-called "vitreous opacities"—may also be the result of lowered physical condition or high blood pressure.

May Be Old Age

Possibly it is old age creeping up on you. Then, again, it may mean something serious. Detachment of the retina, for example, might be indicated by a large spot or a cloud of fine dust-like particles before the eyes.

Coarser spots sometimes mean a serious rheumatic or tubercular infection, an injury to the membranes of the eye or even an abscessed tooth.

These spots, or curlicles, which appear to dart about in front of your vision actually are floating inside the eye in the jelly-like substance which fills it. The vast majority of these specks are the remains of white cells which become detached from the eye's interior membranes. The dense spots usually come from broken blood vessels.

Dwarfs are not premature babies. Certain types of individuals may be abnormally short because of disturbances of the glands of internal secretion.

No. Loitering with intent. Being a suspicious person."

"And he goes tomorrow?"

"See here, Cass. If we don't get a confession by tomorrow morning we never will. By then he'll know the strength of our hand. He'll know we're bluffing. He'll know we can never pin it on him. He'll leave here a free and happy man, the little swine."

"Shall I go to him now?"

"As you wish."

Strutt nodded to the constable leaning against the door of a cell. He unlocked. Casson walked in. The door slammed behind him.

Perry stared at him in amazement. Color flooded into his face. His eyes lit up. Then the color ebbed and the line of the mouth sagged. The eyes went dull.

"What are you doing here?"

He said, looking away. Casson sat down on the other of the two chairs.

"I saw them arrest you and I came to see what had happened. What have you done?"

"You came to help?" He turned eagerly.

"What's the matter?"

"You came to help. You must get me a lawyer. Policemen are afraid of lawyers. He must get me out of here."

"But what are you in for?"

"I don't know. Two policemen jumped out of a car and asked me if I was a man called John Bellamont or some name like that. When I said I wasn't, they said I'd have to prove it."

"But what was that Bellamont wanted for?"

"Burglary. They asked me all sorts of questions about my collection. How did I get it? Where did I get the money? They told me I needn't answer the questions if I didn't want to. And they always came back to the point about where I got the money."

Casson lit a cigarette.

"Where did you?"

Perry had been looking down at his hands. His head jerked up.

"What?"

"Where did you get the money?"

"I told you. I have a private income."

"Oh, yes. Of course. So it did. I've always thought it an admirable joke."

Casson went on, "for a humble employee of a bank

extract a thousand pounds from one of its directors."

Perry's face had gone ashen.

"I don't understand you." Perry was staring fixedly at Casson.

"Are you a policeman?" he asked and his voice sounded as though it were being twisted in his throat.

"Lord, no," Casson replied.

"But you are a journalist? Like you told me?"

"To some extent. Yes."

"Then you came here for a story?"

"Understanding dawns," Casson said. "I did come here for a story. I came for your story, John Perry."

"My—my story? I haven't got one."

"Shall we say, then, that I came for the story of Mr. Bagot?"

Perry rose to his feet and began walking up and down the cell. Casson let him walk for nearly a minute. Then he yawned and said:

"Do stop it, my dear chap. You sound like a prisoner in the condemned cell."

Perry stopped abruptly, facing the door. Then he swung round, his undistinguished face suddenly made individual by a look of ferocity.

"Get out of here," he muttered.

"I don't understand a word you're saying. You're mad. Go away."

Casson gazed at him.

"Do sit down," he said. "You'll find it more restful. I'll tell you a tale."

"Go away," Perry repeated. "Go away."

"It's about you," said Casson.

"Do you realize why you are here?"

"Of course I do. Of course I do. Those stupid men arrested me on suspicion of being a burglar. But they can't keep me here. They can't. They'll have to let me out in an hour and I'll see them. It's wrong."

"You'll be here longer than an hour."

"I won't. They can't do it."

"Perhaps I had better explain," said Casson patiently. "You are not here by mistake. You are here because you have committed a murder."

Casson applies the final pressure in tomorrow's chapter of Small Venom.

Mrs. Ed Grigg Presents Talk At Regular CCL Meet

Mrs. Emma Matz Hosts To Group

Mrs. Ed Grigg was speaker for the regular meeting of the Child Culture League.

Mrs. Emma L. Matz was hostess to the group with Mrs. Leo Black assisting.

The business session was conducted by the president, Mrs. Leo Morgan. She read a letter from the district president of the CCL Clubs.

Mrs. Matz was appointed secretary of the club, to serve for the remainder of the year.

Mrs. Roland Reinhard introduced the speaker, Mrs. Grigg, who discussed Sunday School and its effect on children.

Mrs. Grigg related that Sunday School has changed in the last few years like public school. They have a broader view of subjects, and the theme of the church, Bible and Jesus Christ, is stressed more.

The speaker continued that it is important that a child's feeling in church is a happy one. The church belongs to him, and the rest of the family. Sunday School teaches the child Christian fellowship, the Biblical and helps to make him understand the world-wide nature of the earth.

Mrs. Grigg advised the group to use the tools that the church provides to start children on the outward trend of religion.

To conclude her talk, Mrs. Grigg said, "Don't send your children to Sunday School, TAKE them."

Refreshments were served by the hostess and co-hostess.

Personals

Mrs. Ira Barr Hosts Members Of Salem WSCS

Mrs. Ira Barr of Circleville Route 1 entertained members of the Salem Woman's Society of Christian Service.

Mrs. Marvin Konkle and Mrs. Alva Dyer assisted at the session, which was attended by 18 members and seven guests.

Mrs. Donald Hildenbrand led the devotionals. The group sang "Love Divine" and the scripture was taken from the 128th Psalm.

The Ladies Aid of the East Ring-gold Evangelical United Brethren Church will meet Thursday at 2 p.m. in the home of Mrs. Ralph Dresbach of Circleville Route 1.

The Ashville Garden Club will meet Thursday at 8 p.m. in the First English Lutheran Church. Mr. John Dowler will be the guest speaker. Hostesses for the evening are Miss Florence Brown and Mrs. Wright Neeker.

Pickaway Garden Club's workshop, scheduled for this evening, has been postponed until further notice.

All newcomers are reminded of the January meeting of the Newcomers Club. An International Smorgasbord will be enjoyed by members and their husbands, Thursday at 7 p.m. in the home of Mr. and Mrs. G. Costis of 987

Miss Minnie Goff
Betrothed To Mr.
Ted L. Raymond

Mr. and Mrs. Allen O. Goff of 201 Harrison St. are announcing the engagement of their daughter, Minnie Marie, to Mr. Theodore L. Raymond, son of Mr. William Raymond of 220 E. Franklin St.

The bride-elect is a senior of Circleville High School.

Mr. Raymond is employed by the H. M. Rubadue Company of Columbus.

No definite date has been set for the wedding.

BECAUSE there were two ties in the tally of 3,000 votes, there are 14 names on the New York Dress Institute's list of the world's best dressed women for 1956. Seven of the 14 are shown, in order of voting: Mrs. William Paley; the Duchess of Windsor; Princess Grace of Monaco; Mrs. Winston Guest; Audrey Hepburn and Marlene Dietrich (tie), and Mrs. William Randolph Hearst, Jr. Others named, also in order of voting, are: the Countess Consuelo

Crespi; Rosalind Russell; the Duchess of Kent and Princess Margaret (tie); the Countess of Quintanilla of Madrid; Mrs. Henry Ford II, and the Countess Mona von Bismarck; the former Mrs. Harrison Williams. Three of the noted winners of past years not on the 1956 list are Mrs. Dwight D. Eisenhower, Mrs. Oveta Culp Hobby and England's Queen Elizabeth. Women under 35 far outnumber the "hardy perennials" this year. (International)

4H CLUB

The three city 4-H Clubs attended their annual achievement meeting, held in Trinity Lutheran parish house.

One hundred 4-H members and guests attended the session.

At this time 4-H members were given pin and cash awards for the projects completed during 1956. Those receiving special awards for proficiency were Connie Wertman, Flo and Jo Goldschmidt of the Circle Sew Straight Teenettes and Sylvia Smith and Dale Hatfield of the Merry Mixers.

Banners received by the Teenettes, a championship club, and Merry Mixers, an honor club, were displayed at the session.

Leaders of the clubs expressed special gratitude and thanks to members and parents for their co-operation in making the past year a most successful one.

Carolyn Valentine served as toastmistress for the program, which consisted of singing and reciting pledges, led by Sylvia Smith, readings by Leola Harmon and Sally Montgomery, piano solos by Anne Glitt and Barbara Vandemark, humorous song and skit with Paula Francis and Paula K. Denham and a piano duet by Elaine Goldschmidt and Beth Rickey.

The program was concluded with yearly reports given by Jeannie Edgington of the Merry Mixers, Paula Francis of Cook, Sew and Chatter, and Connie Wertman of Circle Sew Straight Teenettes.

Following presentation of awards, 4-H members and guests were served refreshments.

The beautifully decorated table was lighted with tapers and centered with a candle centerpiece, which was later awarded to Mrs. Harmon as a door prize.

Sylvia Smith, presiding at the punch bowl, was assisted at the

refreshment table by Connie Wertman and Paula Francis.

Advisors for the three city clubs are: Miss Zoe Dell Riggins, Cook, Sew and Chatter; Mrs. Berman Wertman, Circle Sew Straight Teenettes; Mrs. Lee A. Smith,

Mrs. Darrell Hatfield and Mrs. Frank Woodward Jr. of the Merry Mixers.

Mrs. Enid Denham presented Cook, Sew and Chatter awards in the absence of Miss Riggins, who is attending college.

Test Nearing On Investors' Ability To Buy

**U.S. Corporations
Seek \$352 Million
In Additional Money**

By SAM DAWSON
NEW YORK (AP) — A test of investors' willingness and ability to take on a huge new volume of securities is shaping up this week. It may also give a clue as to how tight the money market is in the new year and whether interest rates are to climb still higher.

Corporations are seeking 352½ million dollars of new money. The World Bank is looking for 100 million. Tax exempt issues to be offered this week come to 95 million. And the U. S. Treasury will peddle a special issue of slightly more than 1½ billion dollars worth of 15-day bills.

In a money market that has been tight for months this is quite a test. How high an interest rate must be offered to get all that money is the big question today in financial circles.

Money normally gets easier in January because this is the period for individuals to pay up their Christmas bills and for businessmen to pay back the loans taken out to finance the production and sale of goods between Labor Day and Christmas. That puts more money in the banks — no matter how strapped it may leave you.

This easing of money may be a boon to those seeking to sell the near record amount of new debt issues this week. The question is whether the normal amount of easing in the money market will be enough to meet the demand for new financing by corporations seeking to expand their production — a program that still hasn't topped out — and by states and municipalities seeking funds to add public facilities — a need that is far from satisfied.

The big flood of new securities ready to be offered this week may be one of the chief reasons that buyers held off in the bond market last week and let prices of existing securities drop still lower.

As bond prices fell, their yields rose — that is, although the interest on them is fixed, the return you can get for the less money you need invest is higher.

Bond yields pulled closer to those on many common stock issues, and ahead of some of the blue chips. This tends to make common stocks look less attractive and bonds more so.

The U. S. Treasury's 1½ billion dollar offering, to come due in June, is aimed chiefly at those who will be making income tax payments then. The offering will refund a similar issue coming due this month, so that only part of it will be "new money," although most of it will compete to some extent with the corporate security offerings.

Police Say Confession Is 'Hoax'

CLEVELAND (AP) — Police in Cleveland and Mansfield Monday night discounted the story of a man who confessed — then repudiated the confession — to the slaying of Marilyn Sheppard and Mrs. Max Sternbaum.

"Nothing more than a hoax," said Mansfield Detective Chief Bruce Friday concerning the "confession" by an unemployed cab driver in Chicago that he killed Mrs. Sternbaum. The wife of a Mansfield grocer, Mrs. Sternbaum was killed in 1953. Friday said the cab driver, Robert Clinage, 30, was serving a sentence for failing to stop after an accident and was in county jail at Mansfield at the same time Max Sternbaum was there charged with his wife's murder. Sternbaum was acquitted in a later trial.

Clinage formerly was a cab driver at Mansfield.

Dr. Samuel Sheppard is serving a life term in Ohio Penitentiary for killing his wife.

Meanwhile, Chicago police held Clinage on a disorderly conduct charge until they hear from authorities in Cleveland and Mansfield.

Clinage telephoned police Saturday and told them he killed Mrs. Sheppard and Mrs. Sternbaum and had been paid \$1,000 for each slaying. Later, he repudiated his statement, saying he made it while he was drunk.

Romance Leads To Jail Sentence

CLEVELAND (AP) — Russell P. Dimond, 40-year-old interior decorator who became entangled with another man's wife, was jailed Monday for contempt of court.

Mrs. Marjorie Miller had left her husband and moved in with Dimond and his wife. Later she accompanied Dimond to Florida, but she returned recently, saying they were "through."

While Mrs. Miller was in the process of being divorced, Judge Samuel H. Silbert ordered Dimond to stay away from her, and issued a contempt citation when he ignored the order.

Patient Jeweler's Patience Strained

CROSWELL, Mich. (AP) — Jeweler Harold Neahmer has been waiting patiently for the owner to pick up a clock that was left 20 years ago for repairs.

A man walked into the store the other day and asked the amount of the bill.

The jeweler said it was \$2.49. "I'm a little short of money now, but I'll be back next week," the man said, and left.

extent with the corporate security offerings.

"Mary Haworth's Mail"

DEAR MARY HAWORTH: We have been married 40 years, and my mother has lived with us almost from the beginning. She is now 93. She always has been very energetic, taking over in full force; and finally it seemed easier to give in than to argue.

But the last few years have been awful, as she has become more childish, yet more domineering. She has a keen appetite, a sound heart and only occasional memory lapses; but her toilet control is poor, which makes a continual problem. And with little to do, she slips out of the house and I have to go hunting for her.

Last October, a year ago, my husband's health and mine were failing from strain and I wrote my brothers about our difficulty. Their reply was: "What's the matter with you people; can't you get along with that poor old lady?" She hadn't once been invited overnight to their homes before; although in the 10 years since we moved here, they'd been our guests every summer — a nice vacation for them, and a visit we enjoyed.

Finally I fell ill and arranged to send mother to them for a while.

P. R.

DEAR MARY HAWORTH: We have been married 40 years, and my mother has lived with us almost from the beginning. She is now 93. She always has been very energetic, taking over in full force; and finally it seemed easier to give in than to argue.

The doctor OK'd a plane flight for me to go hunting for her.

The truth of the matter, as I see it, is that you devotedly bore the burden of your mother's care until you and your husband cracked, almost simultaneously, under the strain.

Not until you finally collapsed a year ago, and couldn't rally was the load transferred to your brothers' shoulders. Meanwhile they'd had 40 years' respite at your expense; and in that time your mother had been enjoying life on her terms, too; little mindful of the tax to you.

Since your brothers took over, you haven't been able to resume the old pace. If you were able, you'd have your mother back with

facts of the case restated clearly, so that you will regain perspective and adjust yourself with good grace to the necessities of the situation.

The truth of the matter, as I see it, is that you devotedly bore the burden of your mother's care until you and your husband cracked, almost simultaneously, under the strain.

For consolation: Your mother — still whining and complaining, as you say — can't really be happier in one child's household than another's. Thus the important thing is to gear her care to the general good, her own included. It isn't your duty to try to "please" her at any cost, as you tend to feel.

M. H.

Stop and think a minute, Mr. Brown. You can answer this question for yourself. It's not the number of appliances you have but how much you use them that makes the difference in your service bill.

Here's what we mean. Now that you have a new addition to the family, Mrs. Brown uses her washer and dryer every day, and that also means a real work-out for the water heater. You use an electric heater in the nursery on most cold nights. Your convenient electric bottle-warmer is used frequently. And, what about those lamps you turn on when it's time for those 2 A.M. feedings?

Naturally, new babies aren't responsible for all the differences from one family to another in electric service bills. You can think of many more. But, keep in mind, you only pay for electricity when it's working for you, and electricity's "wages" are only pennies per hour.

Test Nearing On Investors' Ability To Buy

**U.S. Corporations
Seek \$352 Million
In Additional Money**

By SAM DAWSON

NEW YORK (AP) — A test of investors' willingness and ability to take on a huge new volume of securities is shaping up this week. It may also give a clue as to how tight the money market is in the new year and whether interest rates are to climb still higher.

Corporations are seeking \$352½ million dollars of new money. The World Bank is looking for 100 million. Tax exempt issues to be offered this week come to 95 million. And the U. S. Treasury will peddle a special issue of slightly more than 1½ billion dollars worth of 159-day bills.

In a money market that has been tight for months this is quite a test. How high an interest rate must be offered to get all that money is the big question today in financial circles.

Money normally gets easier in January because this is the period for individuals to pay up their Christmas bills and for businessmen to pay back the loans taken out to finance the production and sale of goods between Labor Day and Christmas. That puts more money in the banks — no matter how strapped it may leave you.

This easing of money may be a boon to those seeking to sell the near record amount of new debt issues this week. The question is whether the normal amount of easing in the money market will be enough to meet the demand for new financing by corporations seeking to expand their production — a program that still hasn't topped out — and by states and municipalities seeking funds to add public facilities — a need that is far from satisfied.

The big flood of new securities ready to be offered this week may be one of the chief reasons that buyers held off in the bond market last week and let prices of existing securities drop still lower. As bond prices fell, their yields rose — that is, although the interest on them is fixed, the return you can get for the less money you need invest is higher.

Bond yields pulled closer to those on many common stock issues, and ahead of some of the blue chips. This tends to make common stocks look less attractive and bonds more so.

The U. S. Treasury's 1½ billion dollar offering, to come due in June, is aimed chiefly at those who will be making income tax payments then. The offering will refund a similar issue coming due this month, so that only part of it will be "new money", although most of it will compete to some extent with the corporate security offerings.

Police Say Confession Is 'Hoax'

CLEVELAND (AP) — Police in Cleveland and Mansfield Monday night discounted the story of a man who confessed—then repudiated the confession—to the slaying of Marilyn Sheppard and Mrs. Max Sternbaum.

"Nothing more than a hoax," said Mansfield Detective Chief Bruce Friday concerning the "confession" by an unemployed cab driver in Chicago that he killed Mrs. Sternbaum. The wife of a cab driver, Robert Clinage, 30, was serving a sentence for failing to stop after an accident and was in county jail at Mansfield at the same time Max Sternbaum was there charged with his wife's murder. Sternbaum was acquitted in a later trial.

Clinage formerly was a cab driver at Mansfield.

Dr. Samuel Sheppard is serving a life term in Ohio Penitentiary for killing his wife.

Meanwhile Chicago police held Clinage on a disorderly conduct charge until they hear from authorities in Cleveland and Mansfield.

Clinage telephoned police Saturday and told them he killed Mrs. Sheppard and Mrs. Sternbaum and had been paid \$1,000 for each slaying. Later, he repudiated his statement, saying he made it while he was drunk.

Romance Leads To Jail Sentence

CLEVELAND (AP) — Russell P. Dimond, 40-year-old interior decorator who became entangled with another man's wife, was jailed Monday for contempt of court.

Mrs. Marjorie Miller had left her husband and moved in with Dimond and his wife. Later she accompanied Dimond to Florida, but she returned recently, saying they were "through."

While Mrs. Miller was in the process of being divorced, Judge Samuel H. Silbert ordered Dimond to stay away from her, and issued a contempt citation when he ignored the order.

Patient Jeweler's Patience Strained

CROSWELL, Mich. (AP)—Jeweler Harold Neahmer has been waiting patiently for the owner to pick up a clock that was left 20 years ago for repairs.

A man walked into the store the other day and asked the amount of the bill.

The jeweler said it was \$2.49. "I'm a little short of money now, but I'll be back next week," the man said, and left.

extent with the corporate security offerings.

"Mary Haworth's Mail"

DEAR MARY HAWORTH: We have been married 40 years, and my mother has lived with us almost from the beginning. She is now 93. She always has been very energetic, taking over in full force; and finally it seemed easier to give in than to argue.

But the last few years have been awful, as she has become more childish, yet more domineering. She has a keen appetite, a sound heart and only occasional memory lapses; but her toilet control is poor, which makes a continuous problem. And with little to do, she slips out of the house and I have to go hunting for her.

Last October, a year ago, my husband's health and mine were failing from strain and I wrote my brothers about our difficulty. Their reply was: "What's the matter with you people; can't you get along with that poor old lady?" She hadn't once been invited overnight to their homes before; although in the 10 years since we moved here, they'd been our guests every summer—a nice vacation for them, and a visit we enjoyed.

Finally I fell ill and arranged to send mother to them for a while.

The doctor OK'd a plane flight for mother, but not for me, so my married daughter accompanied her, at our expense. Indignant at the move, mother refused to speak to any of us. Now my brothers say they can't keep her longer. One has a sick wife and, while the other wife is willing, mother dislikes her and ignores her entirely.

My brothers are arguing back and forth about keeping her, and I'd like to say "Bring her out here again." But my husband feels we've given enough of our lives to her; that my brothers should bear part of the load and shoulder responsibility for her last years. And as he faces an operation and isn't well, I feel his wish should be considered. Yet my heart aches terribly for mother—and with a feeling of guilt, I suppose.

I was raised in a Christian family and taught to "honor thy father and mother;" but also to forsake all others and cleave to one's marriage partner. Can you light the path for me?

P. R.

DEAR P. R.: It seems to me that you need simply to have the

facts of the case restated clearly, so that you will regain perspective and adjust yourself with good grace to the necessities of the situation.

The truth of the matter, as I see it, is that you devotedly bore the burden of your mother's care until you and your husband cracked, almost simultaneously, under the strain.

Not until you finally collapsed a year ago, and couldn't rally the load transferred to your brothers' shoulders. Meanwhile they'd had 40 years' respite at your expense; and in that time your mother had been enjoying life on her terms, too; little mindful of the tax to you.

For consolation: Your mother—"still whining and complaining," as you say—can't really be happier in one child's household than another's. Thus the important thing is to gear her care to the general good, her own included. It isn't your duty to try to "please" her at any cost, as you tend to feel.

WASHINGTON — Where does President Eisenhower's plan — for sending American forces into the Middle East to stop a Communist attack — leave the United Nations? About where it was before.

The U. N. will work only so long as its two biggest members, the United States and Russia, want it to work.

Because they don't trust each other, and didn't when they created the U. N. almost 12 years ago, they built into its charter convenient loopholes to let them maneuver pretty freely whenever it suited them.

Thanks to one of those loopholes, Eisenhower was able to make the proposition he laid before Congress and still maintain he was acting within the spirit and meaning of the U. N.

He asked Congress for advance authority to use, when he wished, American armed forces in the Middle East to help a nation — if it asked for the help — stop an attack by a country dominated by international communism.

He made the request in two ways: first, with a personal plea to Congress last Saturday; second, with a carefully worded resolution prepared by his aides. It's not the speech, but the resolution, which he asked Congress to approve.

There was a difference between the language in the speech and that in the resolution, which counts because, when Congress approves the resolution, that becomes the formal policy of the government.

In his address Eisenhower said: "any use he made of American forces would be 'subject to the overriding authority' of the U. N. Security Council. What does that mean? Nothing, if you then go on to read the wording of the resolution:

If an emergency arose and Eisenhower sent troops into the Middle East, he would notify the Security Council "immediately." In short, what he would really do is act first and tell the council about it later.

The reason, from Eisenhower's standpoint, is understandable. The big powers have a veto over each other's actions in the Security Council. The United States and Russia both wanted the veto in the charter.

"It was the crowning mark of their mutual distrust. It enables each to block the other in a tough situation, or to try to. For example:

Suppose a Communist-dominated nation attacked an Arab country which asked American help. Suppose then if, instead of responding at once, Eisenhower waited before the Security Council and said: "I think the council should authorize joint action by the whole U. N. to stop this aggression."

Russia could veto that, just as it could veto a request by Eisenhower to approve his use of American forces before he sent them into battle. But if he used the forces first and told the council later, it would make no difference what Russia did then.

But doesn't the U. N. Charter in some way require its members to go through the international organization before taking military action, even in an emergency?

No. There's a loophole for that too. Once again the United States and Russia showed their suspicion

Ohio Senate Gives OK To Salary Hikes

(Continued from Page 1)

Stoutsville

Mr. and Mrs. Henry Imler and Mr. and Mrs. Clark Aldendorfer spent an evening visiting Mr. and Mrs. Ross Good.

Miss Ruth Stout of Circleville called on the Woods and Meyers families.

Mr. and Mrs. Glen Christy were dinner guests of Mr. M. J. Christy and Mrs. Ella Shepperd. Other guests were Mr. and Mrs. Charles Monroe of Galion, Mr. and Mrs. William Monroe and family of Columbus, Mr. and Mrs. John Monroe of Mt. Vernon, Mr. and Mrs. Max Marshall, Mr. and Mrs. William Long, Mr. and Mrs. Thomas Shea and Judy Thomas of Lancaster, Mr. and Mrs. Fred Christy and family of New Rome and Mr. and Mrs. Joe Christy and family of Circleville.

Mr. and Mrs. A. J. Lickie of Detroit spent the weekend with their parents, Mr. and Mrs. F. L. Crites.

Miss Blanche Meyers has returned from a visit with her sister, Mrs. A. H. Sauer at Toledo.

Mr. and Mrs. Laurence Spencer of Columbus were guests in the home of Mr. and Mrs. Frank Shires.

Mr. Paul G. Woods has left for a 60-day schooling at Cheyenne, Wyo., before returning to Tokyo.

Increases from \$10,000 to \$16,000 would go to the directors of Commerce, Public Works, Agriculture and Industrial Relations.

Members of the Pardon and Parole Commission would get \$14,000 instead of \$8,400, Industrial Commission members and members of the BUC's Board of Review would jump from \$10,000 to \$12,000, members of the Public Utilities Commission would be increased to \$16,000 from \$10,000, Board of Tax Appeals members would jump from \$8,000 to \$14,000 and salaries of members of the Board of Liquor Control would double—from \$6,000 to \$12,000.

As a job-protection measure for the professional man O'Neill appoints as director of Mental Hygiene and Correction, the bill assigns him a definite six-year term. A similar term now is enjoyed by the director of Natural Resources and the director of Health now has a five-year term.

The Senate met in a chamber newly redecorated, complete with new carpet and new, polished-walnut desks.

Also on tap today in the Legislature is the "official canvass" of Ohio's vote in the Nov. 6 election for statewide offices. It requires a joint session of the Legislature,

Japan, where he will resume his duties for two more years.

— Stoutsburg —

Dinner guests of Mr. and Mrs. Raymond Calton were Mr. and Mrs. Berman Fausnaugh and children of near Circleville, Miss Jeanne Mounts of Columbus and Mr. Millard Salyers of Ringgold.

CWA Offering Halt Call On Union Shop

(Continued from Page Four)

PORTSMOUTH, Ohio (UPI)—Negotiations between the Ohio Consolidated Telephone Co. and the Communications Workers of America (CWA) resume today on the heels of a CWA announcement it is willing to yield on the question of a union shop.

J. Curtis Fletcher, CWA national director, said Monday the union is willing to give up retention of the union shop clause in the contract if other issues in dispute are satisfactorily settled.

The union shop clause has been the principle issue holding up settlement of a strike that began July 15 when a one-year union-company contract expired. In all, about 16 points are in dispute.

Under the union shop clause contained in the old contract, new workers must join the union within a specified time of employment. Ohio Consolidated has offered in its place a maintenance of membership clause under which union membership is voluntary but must be kept once a worker joins.

In Portsmouth, meanwhile, hearings before the National Labor Relations Board resumed Monday after a three-week recess.

Ohio Consolidated has charged the CWA with 27 acts of unfair labor practices involving threats to company employees to keep them on strike.

The union has denied the charges.

The union also has denied any responsibility for stone-throwing and other outbreaks of violence against the company.

Lakewood School Gets Bomb Scare

CLEVELAND (UPI)—St. Augustine Academy in suburban Lakewood was closed today as a result of a bomb scare Monday night. Msgr. Clarence E. Elwell, superintendent of Roman Catholic schools in Cleveland, said 90 sisters at the academy had been sent to hospital overnight while the academy was being searched.

Cleveland police received an anonymous phone call saying a bomb would go off at 2 a.m. today. A search of the school turned up nothing suspicious, but Msgr. Elwell said because of the upset caused by evacuation classes would not be held.

CUSSINS-FEARN

BOLD, IMAGINATIVE LINES—Here is the first dream car you can own—the first car you can buy with Dream-Car Design. You see the dramatic difference everywhere you look: in V-angle tail-lights (left), in the bold front styling (center), in the massive grace of Jet-Flo bumpers.

THIS IS THE BIG M FOR 1957

Styling from dream-cars

FAR BIGGER IN EVERY IMPORTANT DIMENSION—This year Mercury has grown bigger in every important dimension. Far more move-around comfort. For example, there's more headroom, more leg room, more shoulder room, more hip room.

size from expensive cars

WIDEST RANGE AND CHOICE OF POWER IN MERCURY HISTORY—A 290-hp TURNPIKE CRUISER V-8 engine is optional on all models. In the Montclair series the standard engine is a 255-hp Safety-Surge V-8 with a Power-Booster Fan that saves horsepower other cars waste. A 255-hp Safety-Surge V-8 is standard in the Monterey series. A special M-335 engine (335-hp) is available at extra cost in Monterey models equipped with standard transmissions.

action from sports cars

Never before has so much bigness and luxury cost so little. For this is the biggest Mercury you've ever seen.

And although Mercury has moved up to a new size class, it has stayed in the same popular price class. It represents the biggest size increase—and the biggest value increase—in the industry.

And Mercury introduces features you can't buy at any price in other cars.

Mercury's new Dream-Car Design is Mercury's alone. It is sleek, daring, clean-cut—makes other cars look plump and old-fashioned. Mercury's exclusive Floating

Ride is the finest combination of bump-smothering features ever put between you and the road.

And you can get features like Keyboard Control—the most advanced automatic transmission control on any car. A power seat that "remembers" your favorite driving position at a touch of a dial. And Quadri-Beam headlights for a better pattern of illumination.

Check the low price tags in our showroom. You'll find you can get a new Big M for little more down—or per month—than for the lowest price cars. And what a lot more you get!

Robinson Frankly Admits His Playing Days Are Over

NEW YORK — One of the reasons that prompted Jackie Robinson's retirement was his deep Kirkland — to the service. I wish the Giants all the luck in the world next year but I don't think they have much of a ball club."

Robinson, who announced his decision to quit baseball for a job with a restaurant chain, said one of the reasons he was happy over his new job was because it would relieve him of having to go through the torture of trying to get in condition.

"It's fact it," he said. "I'm 38 years old. I'm not near the player I used to be. I don't think I would have been of any help to the Giants. They need much more than an old guy like me to put them back in contention."

"They've lost too many young players — fellows like Jackie

Brandt and Bill White and Willie Kirkland — to the service. I wish the Giants all the luck in the world next year but I don't think they have much of a ball club."

Robinson, who announced his decision to quit baseball for a job with a restaurant chain, said one of the reasons he was happy over his new job was because it would relieve him of having to go through the torture of trying to get in condition.

"I finished the 1956 season at 200 pounds," he said. "In order to give forth my best efforts I should be down to about 206-208 pounds when the season opens. Right now I weigh 228. It would be real torture to get down to playing weight and besides I don't know whether I'd be able to do it."

Told that the old Robinson would

have considered this a real challenge and would have jumped at it, Robinson replied:

"I'm sick and tired of accepting challenges. That's all my life has been — a series of challenges. As late as this past spring, I was obliged to accept a challenge. That was when the Dodgers acquired Randy Jackson with the intention of having him play third base regularly."

Told his decision to quit would be a blow to Willie Mays, who had publicly stated that Robinson's presence on the Giants would be of great personal benefit to him, Robinson said:

"It's about time I started thinking about Jackie Robinson, not somebody else."

In the next breath, Robinson praised Mays, calling the young center field star of the Giants as potentially the finest ball player in the major leagues today.

Robinson said he wanted it understood that he will ever be grateful to baseball for what it had done for him but added he felt he owed the game nothing.

"I don't want anybody to imply that I am not grateful to baseball," he said. "I wouldn't be here if it weren't for baseball. But I don't believe I owe baseball a thing. My first concern is my family and I owe it to them to try to get security."

Robinson paid a tribute to his Dodger teammates whom he called "the greatest bunch of guys in the world." He said the person he most respected in baseball was Pee Wee Reese, Dodger captain and shortstop who had befriended him from the first day he joined the Dodgers in 1947. He nominated Joe DiMaggio as the greatest player he had ever seen and named Ewell Blackwell, the former Cincinnati Redleg sidearm as the toughest pitcher he ever had to face during the regular season with Allie Reynolds of the Yankees as the toughest pitcher for him in World Series competition.

Courchesne Wins But Busso Gains Shot At DeMarco

NEW YORK — Bobby Courchesne and Johnny Busso put on such a good scrap here Monday night the loser was rewarded along with the winner today.

Matchmaker Teddy Brenner said Courchesne, victor of the close 10-round, would be pitted against featherweight contender Carmelo Costa, and the loser, favored Johnny Busso, would be matched with former lightweight champion Paddy DeMarco.

Courchesne, an aggressive little fellow from Holyoke, Mass., earned a shot at DeMarco by his split decision win but said Paddy, now a 143-pounder, was too heavy.

Robinson Frankly Admits His Playing Days Are Over

NEW YORK (AP) — One of the reasons that prompted Jackie Robinson's retirement was his deep conviction he no longer could be of any value to a major league ball club.

In a frank appraisal of himself, the former Brooklyn Dodgers star said today he felt he was too old to help the New York Giants, to whom he had been traded by Brooklyn last Dec. 13. He said it would be too much of an ordeal to try to get himself in proper shape to play again.

"Let's fact it," he said. "I'm 38 years old. I'm not near the player I used to be. I don't think I would have been of any help to the Giants. They need much more than an old guy like me to put them back in contention."

"They've lost too many young players — fellows like Jackie

Brant and Bill White and Willie Kirkland — to the service. I wish the Giants all the luck in the world next year but I don't think they have much of a ball club."

Robinson, who announced his decision to quit baseball for a job with a restaurant chain, said one of the reasons he was happy over his new job was because it would relieve him of having to go through the torture of trying to get in condition.

"I finished the 1956 season at 200 pounds," he said. "In order to give forth my best efforts I should be down to about 206-208 pounds when the season opens. Right now I weigh 228. It would be real torture to get down to playing weight and besides I don't know whether I'd be able to do it."

Told that the old Robinson would

Jayhawks Routing All Foes In Big 7 Basketball Drive

By THE ASSOCIATED PRESS

The Kansas Jayhawks are threatening to make rout of the Big Seven basketball race while protecting their No. 1 ranking among the nation's colleges.

With Wilt (The Stilt) Chamberlain grabbing 22 points, Kansas had rough going before defeating Oklahoma 59-51 Monday night, but he unbeaten Jayhawks have been winning 'em big (80-54) over Colorado and small (58-57) over Iowa State. The triumph over the Sooners was their 11th.

Iowa State, tabbed as one of Kansas' chief contenders for the Big Seven crown, was tripped up by Missouri 77-59.

There also was plenty of action in the Big Ten. When the firing was over, Ohio State and Indiana were ahead of the pack with 2-0 records.

The Buckeyes knocked off Purdue 75-68 and Indiana trounced Wisconsin 79-68. Illinois got back on the beam with an 81-70 victory over defending champion Iowa. Michigan edged Michigan State 76-69.

Kentucky, ranked third in this week's Associated Press poll, finished strong to defeat Loyola of Chicago 81-62, and Vanderbilt, No. 6, dumped Georgia Tech 81-73 in a Southeastern Conference game.

Chamberlain played the entire game for Kansas and dunked seven field goals and eight of nine free throws. He was outrebounded by Oklahoma's Don Schwall 14-11.

The Jayhawks, now 2-0 in the Big Seven, railed 44-43 with seven

minutes left in the game, but then connected for 12 straight points while holding the Sooners scoreless for five minutes.

Missouri slapped a tight defense around Iowa State star Gary Thompson and held him to 18 points. The Tigers ran up a 32-22 halftime lead and kept that margin most of the second half.

Cold as ice in the first half, Kentucky began finding the range with 10 minutes remaining and pulled away.

Vanderbilt had to stage a strong second-half comeback to whip Georgia Tech.

Ohio College Cagers Trim Out-Staters

COLUMBUS (AP) — Out-of-state cagers suffered heavily at the hands of Ohio teams Monday night as Buckeye colleges hammered out four victories against one defeat.

Some 9,500 fans turned out at Ohio State University's new St. John Arena to see the Bucks spurt to a 75-68 victory over Purdue.

The win gave OSU a 2-0 Big Ten record and an overall 7-3 season standing. Purdue now stands at 1-1 in the Big Ten and 7-2 for the season.

At Charleston, W. Va., Steubenville College won an easy 78-66 victory over host Morris Harvey.

In another Ohio College win, Youngstown University's Penguins trounced St. Vincent College of Latrobe, Pa., 88-66 for their sixth victory in eight games.

Wilmington College chalked up another Ohio win when it defeated Centre of Kentucky 81-65 at Wilmington's home court. The Quakers, paced by Jack Harner's 35 points, took the lead in the first few minutes and never were overtaken.

Ohio's only loss to an out-of-state school came when Wilberforce took a 94-60 shellacking from Kentucky at Frankfort, Ky. The Thoroughbreds came up with 61 points in the second half to run away with the game.

In the only intra-state competition, Oberlin College edged Hiram, 77-72, in the final minutes to gain its first Ohio Conference basketball victory.

Jim Weaver and Martin Barr led the winners' scoring attack with 23 points each. Bob Pontious collected 19 for the losers.

Many Passing Years Have Revised Scene At Inaugurations

Jefferson Went To His Great Day On Foot

First Big Program Was Arranged In 1829 For Jackson

The elaborate ceremonies accompanying the inauguration of Dwight D. Eisenhower are a far cry from the swearing in of Thomas Jefferson, who walked to the Capitol, took his oath, and then returned on foot to his boarding house.

Jefferson was the first President inaugurated in Washington and things have changed greatly in the 155 years which have intervened.

There were in 1801, and for some years to come, none of the trappings of grandeur which now are an accepted part of modern inaugurations. There were no organized parades, no bleachers along Pennsylvania avenue, no presidential review stand in front of the White House, no inaugural balls, and no gigantic inaugural stands before the Capitol for those lucky or influential enough to wangle tickets.

George Washington took the oath on April 16, 1789, standing on the balcony of Federal hall in New York, near the spot on Wall street now marked by Ward's statue of the first President.

Historians of the day said "a great crowd" witnessed the event, but since New York was only a village then, its size probably was exaggerated.

WASHINGTON'S second inauguration was in Philadelphia, which served as the national capitol from 1790 to 1800. John Adams also took his oath there.

It remained then for Jefferson to be the first to be sworn in at the new federal city. Jefferson, who was not wont to put on airs, walked the short distance from Conrad's boarding house to the Capitol. The ceremonies were held in the Senate chamber before about 1,000 people.

Jefferson delivered his inaugural address in such a low voice that only those closest to him were able to hear.

However, he had the foresight to present a copy of his address earlier to Samuel Harrison Smith, editor of the "National Intelligencer". The newspaper sold like hotcakes outside the Capitol after the ceremony.

After his address, Jefferson walked back to his boarding house and that evening, at dinner, he took his usual place at the foot of the long table, just another of 30 boarders.

James Monroe was the first President to be inaugurated outdoors in Washington. Tickets for the 1817 inaugural were eagerly sought and the Senate and House could not agree on an equitable apportionment.

SOMEONE THEN had the brilliant idea of holding the affair outdoors. Both chambers agreed and a platform was erected under the Capitol's unfinished portico. It was a balmy March 4 and Monroe attracted the greatest throng ever to grace an inaugural up to then.

However, four years later the second inaugural of Monroe was held again in the small Senate chamber because the weather outside was considered too cold for the ceremony.

The first big hoopla came with the inauguration of Andrew Jackson in 1829. It also was the first inaugural held at the East Portico of the Capitol, now the favored spot for the historic event.

Daniel Webster wrote, shortly

Washington's first inaugural—held in New York.

Another High Mark Seen In '56 Business Profits

NEW YORK (P)—Larger sales volume in the final months of 1956 appear today to have pulled American business as a whole a little higher up on the profit trail.

First reports indicate that total earnings will once again set a new high mark, although the gain over the previous year will be small.

The margin of increase over 1955 dwindled steadily in each quarter of the year until in the summer months it approached the vanishing point. But fourth-quarter earnings after taxes appear to have been enough better to bring the year as a whole into the plus column once again.

Results are quite ragged, however, as between industries. The largest oil company estimates its 1956 net profit will top 1955 by 13 per cent. The industry as a whole has thrived on increased demand for its products, swelled in the final weeks of the year by the Suez Canal crisis.

The Association of American

Brown To Receive Top Governor Pay

COLUMBUS (P)—Interim Gov. John W. Brown's salary will be at the rate of \$25,000 a year for the 11 days he will serve in the office.

Atty. Gen. C. William O'Neill, who will be inaugurated governor next Monday ruled officially that Brown was entitled to the top gubernatorial pay.

State Auditor James A. Rhodes requested O'Neill to say whether Brown should continue on his \$6,000 a year salary as lieutenant governor or be paid at the rate for the state's chief executive.

before the event, that "I never saw such a crowd. People have come 500 miles to see General Jackson and they really seem to think that the country is rescued from some dreadful danger."

About 10,000 people witnessed the event and after the ceremonies, when Jackson mounted his horse and began his ride to the White House, they fell in line behind him and marched down Pennsylvania avenue, unrehearsed but enthusiastic.

Since then, everything has been done on a bigger scale. When Franklin D. Roosevelt was inaugurated for the first time, in 1933, an estimated 100,000 people saw him take his oath.

Millions will watch, by the miracle of television, as Eisenhower is sworn in for the second time.

\$223 Million Spent In '56 On Highways

COLUMBUS, Ohio (P)—Ohio's highway improvement program expenditure for 1956 totaled \$223,470,954, state Highway Director S. O. Linzell reported today.

The total does not include considerable maintenance work. A breakdown lists construction contracts totaling \$162,821,506; right-of-way purchase at \$39,893,006; engineering and contingencies \$15,057,689, and preliminary engineering \$5,698,752.

During the year the department placed under contract 162.52 miles of four-lane divided highway, and a total of 289 bridges at an estimated cost of \$9 million dollars. In all, 452 construction contracts were awarded.

Included in the year's total was \$60 million dollars worth of federal interstate projects, those dated from June 29, 1956, when the federal Interstate Highway Act was passed, to Dec. 18, 1956.

Linzell estimated that the program for 1957 would reach 250 million dollars, and that Ohio would lead the nation in the highway construction improvement program, based on preliminary estimates from other states.

All 4 Youthful Escapees Nabbed

HAMILTON (P)—All four of the youths who sawed a window bar loose and escaped from the Butler County jail Saturday are back in custody today.

The last juvenile, a 16-year-old Hamilton boy, was taken into custody by police late Sunday. Two of the boys were caught shortly after the break and a third was arrested Sunday. One boy said he bought a saw from a jail inmate.

Thirty industrials whose fiscal years ended before December had a harder time of it. Seven saw profits decline from a year ago, and two operated at a net loss. Combined, the 30 report 1956 profits of \$173,539,042, an increase of 3.1 per cent over the \$168,278,327 the same 30 made in 1955.

Credited with putting the brake on rising earnings for many companies is the increase in operating costs which in many cases has exceeded the hike in the prices of their products. Material and labor costs have been on the upgrade.

MORAL, Virgil (Doc) Summers, 43, of Chicago, and Al Fouts, 66, of Dayton, are accused of taking \$4,500 on Nov. 8, 1945.

Church Relief Group Sends Good Will Livestock Abroad

NEW WINDSOR, Md. (P)—Heifer Project, Inc., of New Windsor, shipped 880 cattle, 507 goats, 72,600 chicks, 561 sheep, 399 pigs, 500 ducklings, 25 burros and 8,880 hatching eggs to 23 countries during 1956.

Contributors in Canada, Germany, Mexico, Panama, and the United States donated the funds or livestock required to send the good will shipments.

Recipients of the livestock or poultry are selected on the basis of need, ability to give proper care,

and a promise to pass on first born offspring to someone else in need.

The most controversial shipment of the year was a gift of 55 dairy cattle to the Soviet Union. The herd was donated by church and farm people in the United States who believe that the shipment might bring better relationships between the people of the two countries. The Soviet government paid all transportation expenses as well as the return fare of the three volunteer American "cowboys" who fed the cattle on the ocean crossing.

Included in the year's total was \$60 million dollars worth of federal interstate projects, those dated from June 29, 1956, when the federal Interstate Highway Act was passed, to Dec. 18, 1956.

Linzell estimated that the program for 1957 would reach 250 million dollars, and that Ohio would lead the nation in the highway construction improvement program, based on preliminary estimates from other states.

There were two "Outside USA" projects this year. Evangelical Hilfswerk, German relief agency, sponsored the shipment of 59 milking sheep to refugees in Greece.

From Mexico came 25 burros that were sent to Formosa. At the present time, the only available method of transport of the poorer people is on the backs of men.

"Inside USA" projects include the delivery of dairy cattle to Negro and white cotton farmers in

Mississippi. These small landowners are trying to change from one crop cotton farming to diversified general farming.

Heifer Project is directed by the American Baptist Convention World Relief Committee, Brethren Service Commission, Congregational Christian Service Committee,

Evangelical and Reformed Church, Evangelical and United Brethren Church, Fellowship of Reconciliation, Koinonia Foundation, Mennonite Central Committee, the Methodist Church, National Catholic Rural Life Conference, National Farmers Union, the Rural Life Association, Department of Social Welfare of the United Christian Missionary Society and in cooperation with Church World Service of the National Council of Churches of the United States of America.

500 ducklings and 1,459 pigs to 43 different countries.

Democrat Named Mid-East Aide

WASHINGTON (P)—President Eisenhower has appointed James P. Richards, former chairman of the House Foreign Affairs Committee, as a special assistant on the administration's Middle East program. Richards will head up a mission to that area.

The South Carolina Democrat, who retired from Congress last week, will serve with the rank of personal ambassador.

Selection of Richards marks the second time in recent weeks the President has reached into the ranks of Democrats for a special assistant on foreign policy. Walter F. George of Georgia, retired chairman of the Senate Foreign Relations Committee, now is serving as Eisenhower's representative to NATO.

There are about 250 islands forming the British crown colony of Fiji.

The 9-passenger Country Squire

The 6-passenger Country Sedan

The 9-passenger Country Sedan

The Del Rio Ranch Wagon

The Ranch Wagon

FIVE NEW FORD glamour wagons long, low and loaded with Go!

Leave it to the station wagon leader to make the big news for '57! And what news! Wagons so big, so full of fine-car prestige that you'll wonder how it can be done at low Ford prices.

If your choice is the Country Squire, you'll be proud to pull up at the finest places in this new glamour wagon with its wood-like trim.

If your needs call for a 6-passenger wagon with four doors, you'll love the new Country Sedan. It has almost nine feet of loadspace—nearly a foot more than ever before.

There's still another 4-door Country Sedan. It has the extra third seat for 9-passenger room. And, as in all Ford wagons for '57, you have the new single-control handle

which opens both the wrap-around lifegate and tailgate with one motion. And they can't be opened from inside!

There's good news, too, about Ford's popular Ranch Wagon. This 6-passenger, 2-door model features Ford's new subdued tones, and smart interiors which defy muddy little shoes and drippy chocolate cones.

In the wonderful way that Ford can take a fine thing and make it even finer, the Del Rio Ranch Wagon goes beyond the Ranch Wagon in style, fabrics and trim.

Better take a Ford wagon for a spin. You'll agree that for styling it's a sweetheart . . . for work and power, it's an obedient slave!

New '57 Fords have toughest shake-down cruise in history!

The '57 Ford broke 458 national and international records from 1 kilometer to 50,000 miles at Bonneville, Utah. For 50,000 miles, two '57 Fords averaged over 107 and 108 mph respectively. This time included all pit stops . . . the greatest endurance test of all time!

The last juvenile, a 16-year-old Hamilton boy, was taken into custody by police late Sunday. Two of the boys were caught shortly after the break and a third was arrested Sunday. One boy said he bought a saw from a jail inmate.

Thirty industrials whose fiscal years ended before December had a harder time of it. Seven saw profits decline from a year ago, and two operated at a net loss. Combined, the 30 report 1956 profits of \$173,539,042, an increase of 3.1 per cent over the \$168,278,327 the same 30 made in 1955.

Credited with putting the brake on rising earnings for many companies is the increase in operating costs which in many cases has exceeded the hike in the prices of their products. Material and labor costs have been on the upgrade.

Prosecution Due In Moran Trial

DAYTON (P)—The prosecution is expected to open its case today in the trial of George (Bugs) Moran, Chicago crime figure during the 1920s, and two others charged with burglarizing the Citizens Bank in Ansonia.

Moran, Virgil (Doc) Summers, 43, of Chicago, and Al Fouts, 66, of Dayton, are accused of taking \$4,500 on Nov. 8, 1945.

Church Relief Group Sends Good Will Livestock Abroad

NEW WINDSOR, Md. (P)—Heifer Project, Inc., of New Windsor, shipped 880 cattle, 507 goats, 72,600 chicks, 561 sheep, 399 pigs, 500 ducklings, 25 burros and 8,880 hatching eggs to 23 countries during 1956.

Contributors in Canada, Germany, Mexico, Panama, and the United States donated the funds or livestock required to send the good will shipments.

Recipients of the livestock or poultry are selected on the basis of need, ability to give proper care, and a promise to pass on first born offspring to someone else in need.

The most controversial shipment of the year was a gift of 55 dairy cattle to the Soviet Union. The herd was donated by church and farm people in the United States who believe that the shipment might bring better relationships between the people of the two countries. This was the first time a breed association has sponsored a special project. One of the heifers shipped was selected "grand champion" at a recent agricultural fair.

Since 1944, Heifer Project has shipped a grand total of 9,321 cattle, 7,356 goats, 576 sheep, 47 horses, 25 burros, 503 rabbits, 200 hives of bees, 3,000 turkey pouls, 286,860 chicks, 289,440 hatching eggs.

\$34 Million Pact Signed By Sohio

CLEVELAND (P)—Standard Oil Co. of Ohio Monday signed a \$34 million contract with the M. W. Kellogg Co. for construction of a new refinery at Toledo.

From Mexico came 25 burros that were sent to Formosa. At the present time, the only available method of transport of the poorer people is on the backs of men.

"Inside USA" projects include the delivery of dairy cattle to Negro and white cotton farmers in

Mississippi. These small landowners are trying to change from one crop cotton farming to diversified general farming.

A herd of milk goats was sent to Indians living in the bayous of Louisiana. "Many of the children in this region have never tasted milk from cows or goats," reports the Rev. Ashley Pickern who distributed the animals.

A "first" was recorded in 1956 when the Guernsey Breeders Association of Florida completed a shipment of cattle to Ecuador. This was the first time a breed association has sponsored a special project. One of the heifers shipped was selected "grand champion" at a recent agricultural fair.

Since 1944, Heifer Project has

shipped a grand total of 9,321 cattle, 7,356 goats, 576 sheep, 47 horses,

25 burros, 503 rabbits, 200 hives

of bees, 3,000 turkey pouls, 286,

860 chicks, 289,440 hatching eggs.

There are about 250 islands forming the British crown colony of Fiji.

Democrat Named Mid-East Aide

WASHINGTON (P)—President Eisenhower has appointed James P. Richards, former chairman of the House Foreign Affairs Committee, as a special assistant on the administration's Middle East program. Richards will head up a mission to that area.

The South Carolina Democrat, who retired from Congress last week, will serve with the rank of personal ambassador.

Selection of Richards marks the second time in recent weeks the President has reached into the ranks of Democrats for a special assistant on foreign policy. Walter F. George of Georgia, retired chairman of the Senate Foreign Relations Committee, now is serving as Eisenhower's representative to NATO.

There are about 250 islands forming the British crown colony of Fiji.

'57 Fords — A-1 Used Cars — Fine Service

PICKAWAY MOTORS-FORD

596 N. Court — Phone 686-685

FIVE NEW FORD glamour wagons long, low and loaded with Go!

Leave it to the station wagon leader to make the big news for '57! And what news! Wagons so big, so full of fine-car prestige that you'll wonder how it can be done at low Ford prices.

If your choice is the Country Squire, you'll be proud to pull up at the finest places in this new glamour wagon with its wood-like trim.

If your needs call for a 6-passenger wagon with four doors, you'll love the new Country Sedan. It has almost nine feet of loadspace—nearly a foot more than ever before.

There's still another 4-door Country Sedan. It has the extra third seat for 9-passenger room. And, as in all Ford wagons for '57, you have the new single-control handle

which opens both the wrap-around liftgate and tailgate with one motion. And they can't be opened from inside!

There's good news, too, about Ford's popular Ranch Wagon. This 6-passenger, 2-door model features Ford's new subdued tones, and smart interiors which defy muddy little shoes and drippy chocolate cones.

In the wonderful way that Ford can take a fine thing and make it even finer, the Del Rio Ranch Wagon goes beyond the Ranch Wagon in style, fabrics and trim.

Better take a Ford wagon for a spin. You'll agree that for styling it's a sweetheart . . . for work and power, it's an obedient slave!

New '57 Fords have toughest shake-down cruise in history!

The '57 Ford broke 458 national and international records from October to November, 1956, in Moab, Utah. For 50,000 miles, two '57 Fords averaged over 107,100 miles, two '57 Fords averaged over 107,100 miles, respectively. This time included all pit stops . . . the greatest endurance test of all time!
